

BRYAN KING

Product Designer · Design Engineer · UX/UI Engineer

bpking15@icloud.com · (248) 606-2313 · Newport, KY · <https://bryanking.design>

PROFESSIONAL EXPERIENCE

Senior Product Designer (January 2024 - present)

NaviStone in Cincinnati, OH

- Created the Iris Design System, enhancing the app's existing styling framework, in Figma and Vue.js, to improve the design-development handoff experience.
- Redesigned the dashboard for the Agency Platform, which puts campaign performance at the center of the experience.
- Updated campaign list page to feature performance metrics and allow users to easily manage an unlimited number of campaigns.
- Provided wireframes and concepts for the future of the company's main technology platform
- Designed a new feature that allows advertisers to upload a list of names and addresses, then send a scheduled post card campaign
- Created a new user flow to allow users to upload offline transaction data

Senior Product Designer (June 2021 - December 2023)

Dot Dash in Cincinnati, OH (Staff augmentation at NaviStone and Mailchimp)

Agency Platform, NaviStone

- Worked with product and engineering stakeholders to create mockups and prototypes to reduce project risk, feed into user stories, inform decision making, keep leadership in the loop
- Assisted stakeholders in QA testing, ensuring that the finished product is closely aligned to the project specification.
- Created new features that allow customers to manage users, set domain-level budgets, easily manage campaigns, and more.
- Took inventory of existing app components and styles, then built a design system to improve interface quality and speed to market.

Reporting & Analytics, Mailchimp

- Part of the inaugural reporting and analytics team at Mailchimp following the Intuit acquisition.
- Led a team of three senior designers, fostering collaboration with product and engineering leaders.
- Participated in designing and refining the reporting section of the app.
- Conducted usability testing, design sprints, and contributed to the development of a robust design process.
- Designed and coded a functional prototype for the new custom reports feature.
- Collaborated with engineering and QA teams, ensuring the delivery of high-quality interfaces.
- Actively participated in agile ceremonies, design org discussions, and company-wide design presentations.
- Engaged with partners in research and content design orgs, presenting innovative concepts to leadership.

Creative Assistant, Mailchimp

- Contributed design and engineering expertise to Creative Assistant, a recently acquired startup.
- Designed and built a React.js interface, enabling users to interact with AI for marketing graphics creation.
- Addressed challenges in AI results through user fine-tuning interfaces.
- Led a project enabling users to experiment with sample brands or upload personalized assets for graphics.

Application Developer (May 2015 - June 2021)

Flagstar Bank in Troy, MI

- Led UI development for marketing projects, utilizing Adobe Experience Manager.
- Over a span of six years, worked on two redesign efforts, developed a reusable component library and style guide, ensured ADA/WCAG compliance, and white-labeled the main site for sub-brand utilization.
- Created tools for content authors and implemented common features expected by users on marketing websites.

- Followed Agile practices at Flagstar, gaining expertise in the entire project management cycle, from grooming to planning to delivery.
- Took pride in cultivating close working relationships with project stakeholders, leveraging business and technical knowledge to balance time, cost, and quality.
- Collaborated with designers to swiftly iterate on feature prototypes in code rather than design tools, resulting in improved delivery times.

EDUCATION

Bachelor of Science, Management Information Systems (2015)

Oakland University in Rochester, MI

Mini MBA in Marketing (2021)

A 12-week MBA-level online marketing course, taught by Mark Ritson, a former marketing professor at MIT and London Business School. Read more at <https://mba.marketingweek.com/marketing/>.
